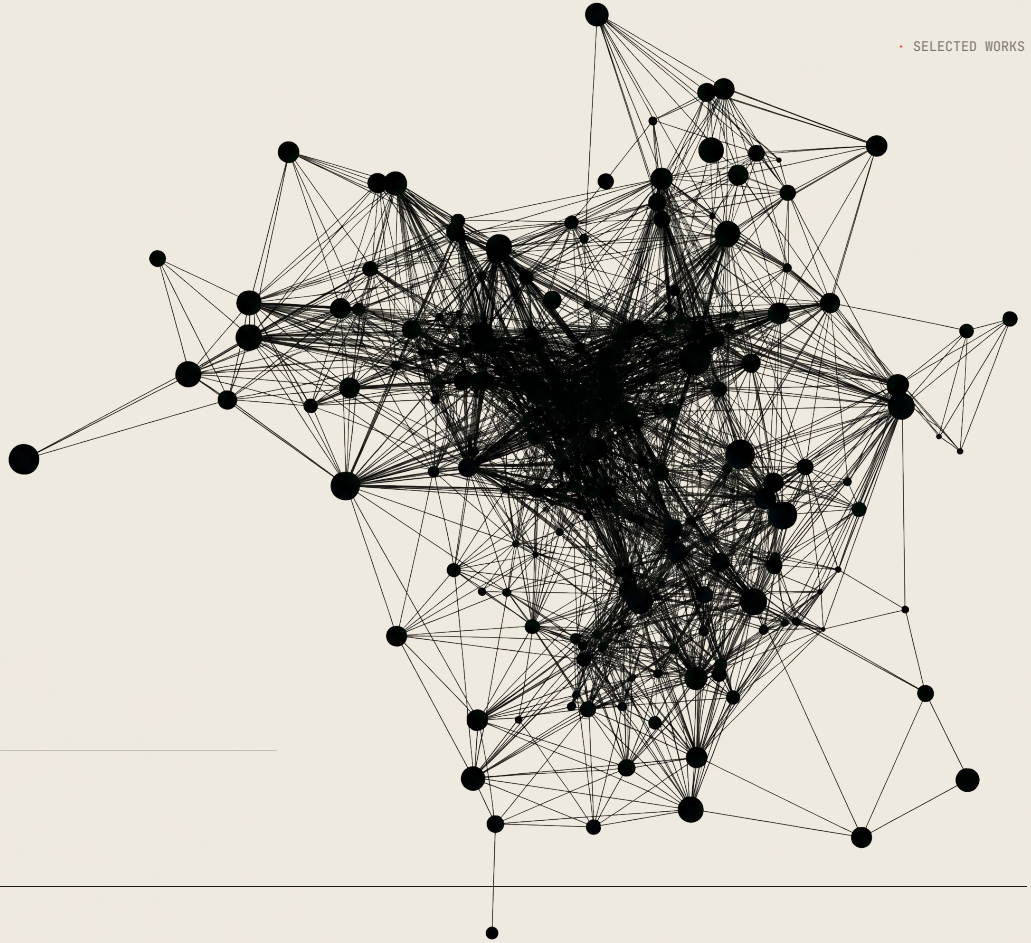
WHO ARE WE

KADR AI STUDIO

· SELECTED WORKS



Full-cycle AI production: cinematic videos, animation, and voice-overs. We adapt the latest trends, create custom storytelling, and produce integrated videos for brands, with a focus on consistency and striking visuals.

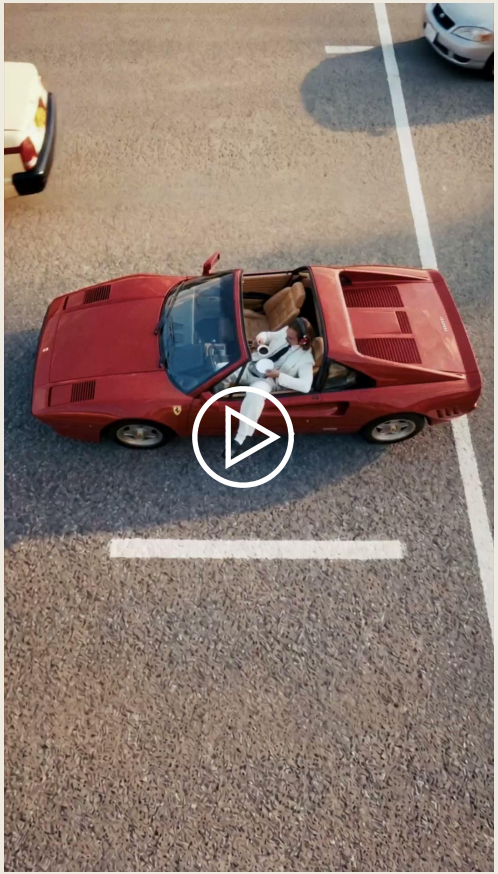
FORMAT

Vertical, horizontal,
post-production, animation

CINEMATIC · MOTION CAPTURE · CONSISTENCY

TAKE YOUR TIME

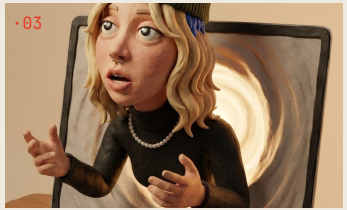
A cinematic video clip that maintains the protagonist, the object, and the setting from frame to frame. Video generation, editing, and color grading.

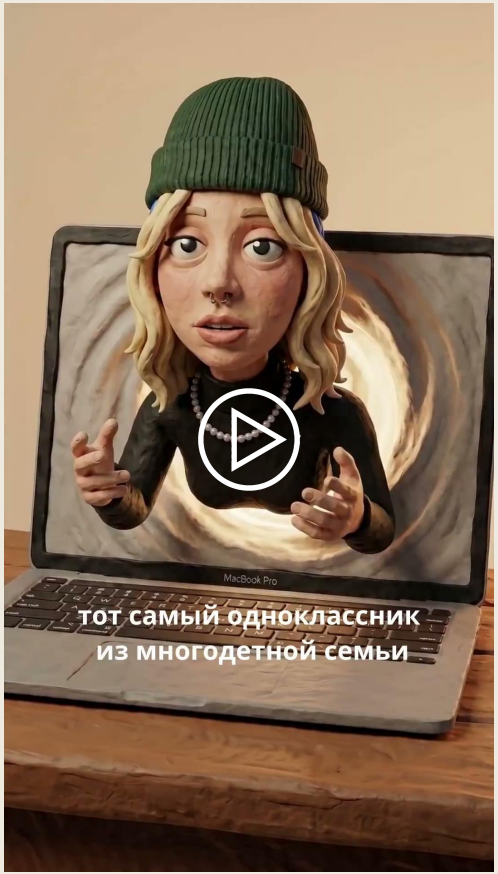


TRENDS · ANIMATION · LIPSYNC

FANCY

Custom 3D animation with generative voice-over and lip-syncing, featuring detailed emotional expressions and articulation. We developed the animation style, character design, and location design. Full production cycle: storyboard → reference art → animation → sound.



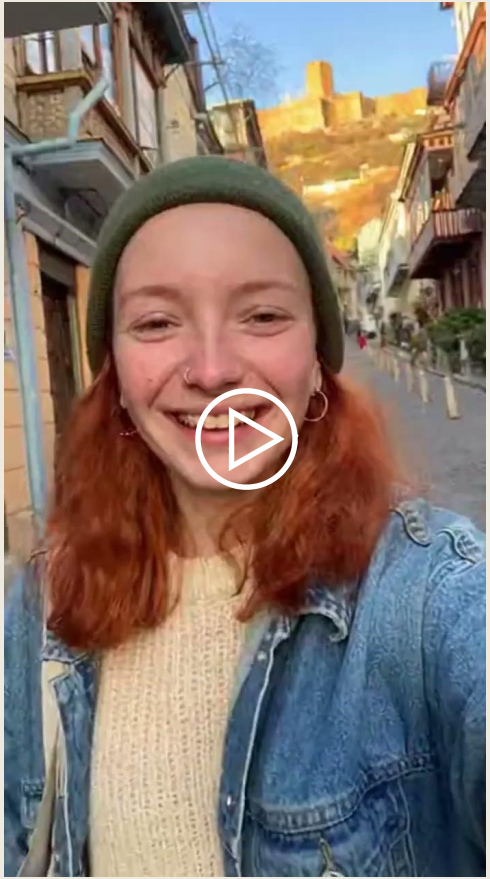


TRENDS · BLOGS · VISUAL STORYTELLING

FROSYA

Reproducing and reimagining trending narratives, aesthetics, and ideas into new content by AI bloggers with different vibes.

Consistent characters and narrative storytelling scaled for regular, multi-episode content. Attention to real-world details, adaptability, and interactivity to engage the audience.

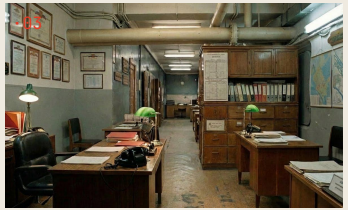


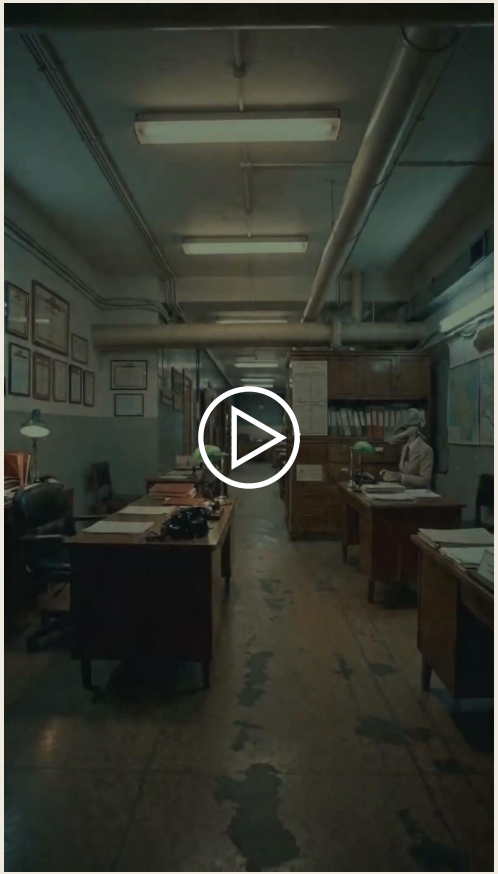
WORLDBUILDING · WEB SERIES

Stagnation

A unique visual world surrounding the characters: working with niche sources in film and print media. Character and world design, screenwriting, and sound design.

A series of episodes set in a shared universe, with narrative continuity and recurring themes.

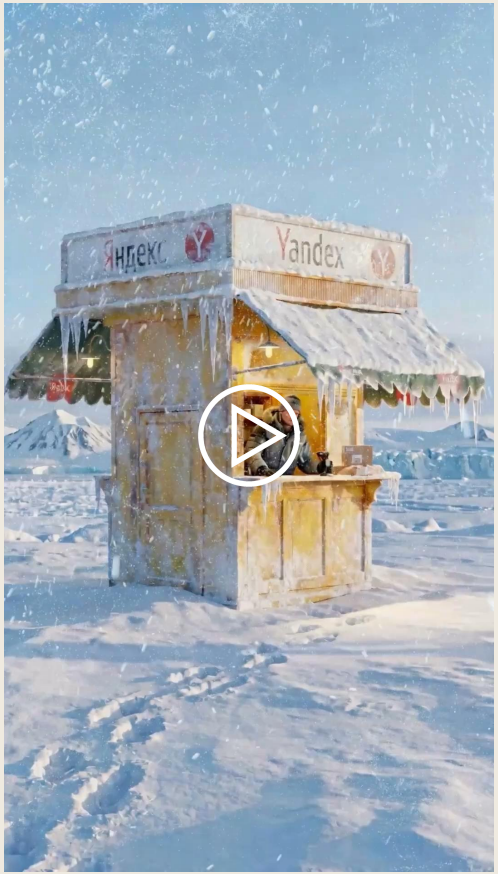




INTEGRATIONS · CONSISTENCY

MARKET

Integrating products, services, and brand identity into content through objects and environments.



FASHION · AESTHETIC
